President's Message

What an exciting year awaits us with an incredible group of women who will have an opportunity to share their knowledge and ideas in moving the Network of Executive Women forward! destiny. We all know how very busy most of us are with our heavy schedules; however, there is an incredible sense of gratification that comes from being able to give back, and I can proudly say that the members of our organization are committed and dedicated to helping women fulfill their dreams and potential. NEW prides itself in building relationships and developing lasting friendships that lead to many opportunities. If you have not joined a committee, I strongly urge you to get on the "band wagon" and be part of one of the most exciting organizations. Remember ladies, together we can make a difference and leave a legacy that we can all be proud of.

Let us also remember that October is "Breast Cancer Awareness Month." I had the great privilege of working very closely with 10 breast cancer survivors who made an everlasting impression in my life. I salute those women and all the other survivors who have overcome this deadly disease and to those who did not survive, let us take a moment of silence.
