The officer installation ceremony is our opportunity to thank the outgoing officers for their efforts and a job well done, and welcome new board members to their roles and responsibilities.

It is also a time to impress upon everyone the officers responsibilities and the importance of their work in order to impress upon us all why our own volunteer support is necessary and inspire us all to further NEW's success.

We'll also take time to review the year — share some stories, relive some memories, and relish the relationships that we have developed.

This promises to be an enjoyable and fun event. You will not want to miss the creativity and frivolity.

President's Message

Where has the year gone? I can't believe how fast it flew by! I have to admit that as much as I am energized by the NEW this year, I am also pooped! It is time for our next president, Haley Maple, to take the helm and carry on with the incoming Board.

This organization is amazing and is made up of some amazing women. There have been some big changes in the past year as we adapted to new systems and procedures in the absence

of our long time administrator. But through all the changes has been one overwhelming constant, our members!

The changes made this year have come from lots of member input and member help, board members as well as the general membership. Teamwork was a big factor in this year's successes. Did you know almost half of our membership has pitched in at some point during the year when a call for help was made?

As I think back to all of the successful things that happened over the year, I am amazed at all the group has accomplished. There are still things to be improved and new ideas to help us do better but much has been accomplished.

Our website was entirely redesigned and transferred to a new website provider, which allows us to maintain the site ourselves and provides an entire membership database working in the background to manage our records. Karen Koch spent countless hours of her time to get this huge project completed.

We made many small but, I think, necessary changes, such as accepting credit cards at the door and changing the check-in process during the lunches. Thanks to Tina Bubb and Karen Koch for all the suggestions and implementation of these changes.

EWOTY was resurrected this year after a brief hiatus. What can I say? Ninety days of planning and a nice scholarship fund raised for 2013. Our entire membership supported this event in one manner or another. Samantha Bond, as usual, was instrumental in the scholarship process! A huge thank you goes out to Samantha, Kristi Campbell—our EWOTY chair, and all of Kristi's dedicated committee members. Everyone involved should feel proud of the 2012 EWOTY event!

We have had some awesome programs that increased attendance at our luncheons by members and guests. A huge thanks to Karen Gangel for doing me a favor and staying on the board long after her original intention and doing a great job at programs!

We had successful networking events as well as some that had great potential but for various reasons

needed to be postponed. Thank to Amy Kurella and Diane Whitney for their work on these events.

Barbara Beall, as always, has been focused on increasing our membership. I am thankful to the Board as well as the general membership with the overwhelming support of our membership drive. The implementation of awarding the hosting member a free lunch when a new member joins has been a huge hit. Thanks, Barbara!

Our bylaws went through a major revision this year with the changing of procedures and responsibilities. A big thank-you to the committee members who helped me on this project, primarily Haley Maple and Jeannie Holliday.

We do have some projects in the works that have not been completed but are being worked on. The biggest project is creating a separate 501(c)3 organization for our scholarship fund. We have already created a separate banking account to segregate these funds but are taking another step in terms of creating an entirely separate charitable organization for this fund. This involved creating bylaws for this entity as well as a board of directors in order to apply for the charitable nonprofit status with the IRS. This project will hopefully be finished in time for the EWOTY committee to fund-raise for the 2013 event.

I look forward to Haley's tenure as president, and also to the incoming Board, which includes continuing board members as well as several new faces. I think the incoming group will be dynamic and full of more ideas to keep our group strong while adhering to our mission.

Thank you all so much for supporting me in this year as your president. Let's make next year even more successful for NEW!

—Laura Rehbein, President
